

In Pursuit of Knowledge and Excellence

A MESSAGE FROM OUR PRIMARY SCHOOL VICE PRINCIPAL

Dear Valued Parents and Friends,

What a fantastic day we had at our annual Sports Day! The energy was electric as Team Conqueror and Team Victors battled it out in a series of fun and challenging events. In the end, a narrow margin separated the two teams, with Team Conqueror emerging victorious. But the real winners were all our students, who participated with such enthusiasm and dedication.

A huge thank you to all the parents and families who joined us on this special day. Your cheers and support made a world of difference! We look forward to seeing you again at next year's Sports Day!

What's next? Well, it's continuous assessment, Coffee Morning and Open Day! We prioritize holistic student development, ensuring progress and growth. So mark your calendars because these special events are fantastic ways to stay connected to your child's education progress.

Continuous assessment allows teachers to evaluate your child's progress throughout the year using a variety of methods like quizzes, projects, and presentations. This provides a more complete picture of how a student is learning and helps identify areas where they might need extra support.

Join us for a warm 'cuppa' and engaging conversations at our upcoming coffee morning and open day! Date: 6th April, 8:00am to 12:30pm. We look forward to seeing you! God bless!

Pearly Lim

Annual Sports Day 2024

On March 9th, we celebrated **a successful Sports Day** at Heritage International School! 🎉🏆 The day was filled with exciting competitions, enthusiastic runners, and a wonderful display of sportsmanship from all our students. Congratulations to all participants for their outstanding effort! 🏃‍♀️ And let's not forget to extend our congratulations to Team Conqueror, House Champion of 2024! 🏆 Here's to many more exhilarating Sports Days to come!

Unveiling Creativity: Year 3's Clay Sculpture Competition Explores Human Anatomy

Year 3 students dove into the world of biology through a clay sculpture competition, crafting unique human figures to learn about organ placement. Emilio, Aniket, and Todd stood out with their teamwork and creative designs, showcasing a deep understanding of anatomy. Congratulations on their remarkable achievement! 🏆🎉

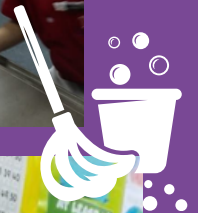

Happenings @ School

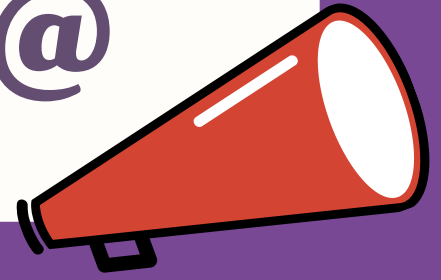

Year 2 Becoming Cleaning Superheroes: Teamwork in Living Skills

In today's Living Skills lesson, we'll become a cleaning dream team! We'll learn how to keep our classroom tidy, just like superheroes keep our world safe. Teamwork is key! We'll work together to dust, wipe, and straighten, all with full concentration. Remember, even small tasks make a big difference. By helping out, we create a happy and organized learning space for everyone!

Happenings @ School

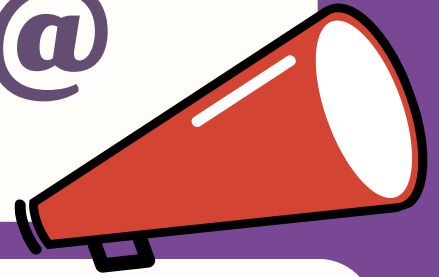

Rhythm and Rhyme Bash: Year 2's English Party!

Today's our English rhythm and rhyme party! Clap your hands and stomp your feet as we learn fun chants. We'll hear words that sound the same at the end, like "cat" and "hat." It'll be like singing, but with silly stories! Get ready to wiggle and learn some catchy English phrases!

Happenings @ School

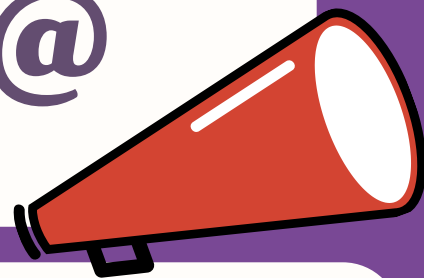

Exploring Measurement Wonders: Year 2's Hands-On Journey

Embarking on a journey of discovery, our students delved into the fascinating realm of measurement. Armed with rulers and curiosity, they measured everything from the length of a pencil to the height of a fire extinguishers, thus gaining a deeper understanding of their surroundings. Through this hands-on experience, they not only honed their mathematical skills but also cultivated a sense of wonder and exploration. Here's to the endless possibilities that await them as they continue to measure and learn! ✏️🌟

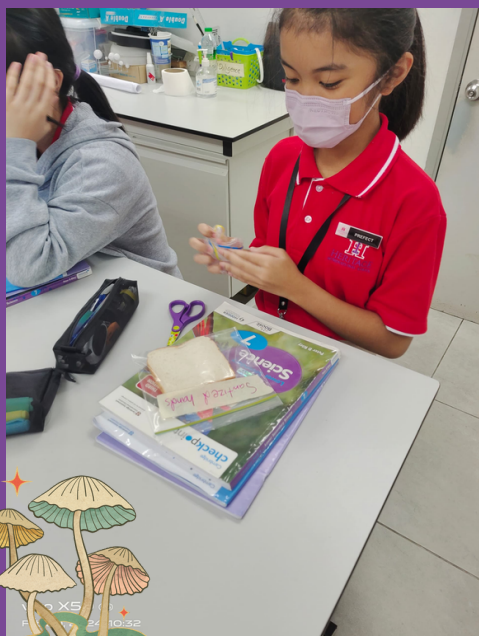

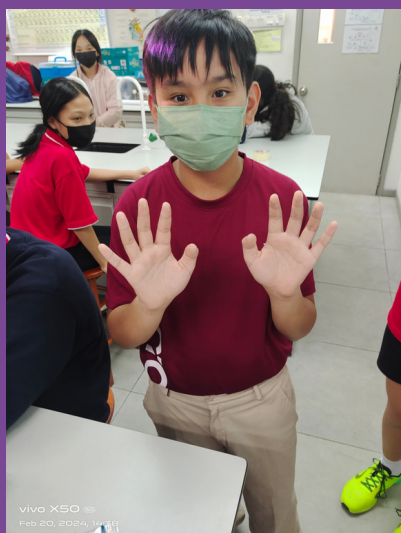

Happenings @ School

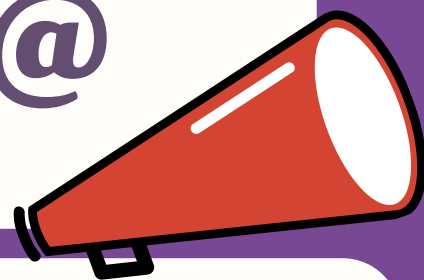

Year 7RS and 7RP did an experiment regarding fungi. The students were tasked to **observe the growth of fungi on bread** that were touched with clean hands, dirty hands, sanitized hands, dirty items and bread with water and soap (damp). This experiment fostered critical thinking skills and scientific inquiry among the students.

Happenings @ School

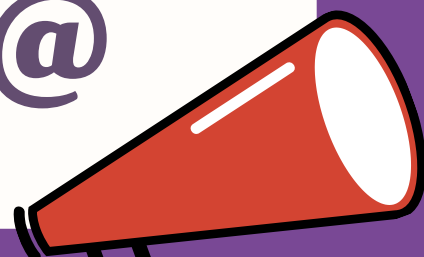

Congratulations to all the winners of our secondary school's Calligraphy Competition, held during Mandarin Week in conjunction with the Chinese New Year! Join us as we celebrate the artistic prowess of our students and award them for their exquisite mastery of calligraphy! Well done to the winners; Cheah Yong En, Vu Duc Huy, Jiayu Dong and Tanya Anna Cecilia!

Happenings @ School

Outdoor Activities Club

A club that does activities outdoors... the club ethos: we will do the activities that when attempted indoors, gets the reply 'Hello, please do that outdoors...'

We seek to introduce the members of the club to analogue activities of fun before the introduction of the Apple iPhone Model 1.

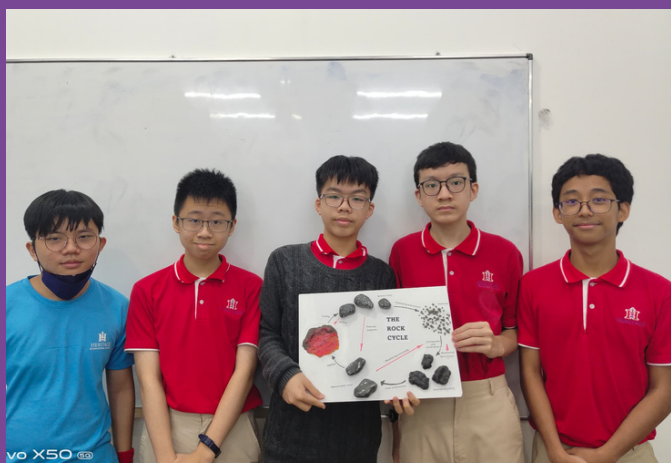

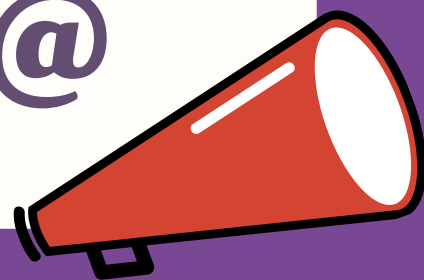

For two Fridays, the members of OdAC have been playing with soap bubbles, culminating with a competition last Friday of 2 categories. Students had to fabricate their own bubble wands that would achieve the objective of Biggest Bubble and Most Bubbles in a single dip.

The winners for Biggest Bubble went to Ling Shi Yuan, and the runner-up was Jeremy Ong and Santhosh Vijayan. The winner for Most Bubbles went to Choo Wen Jie. Congratulations to the designers of the winning bubble wands!

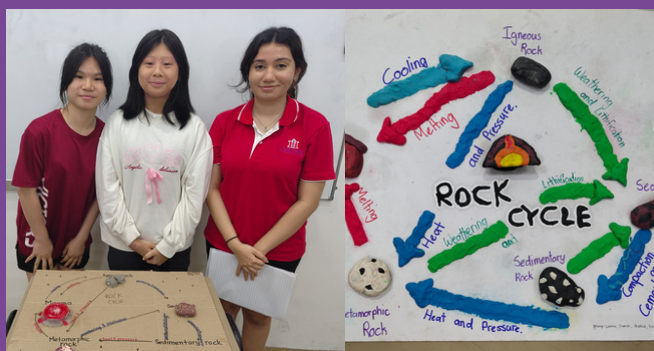

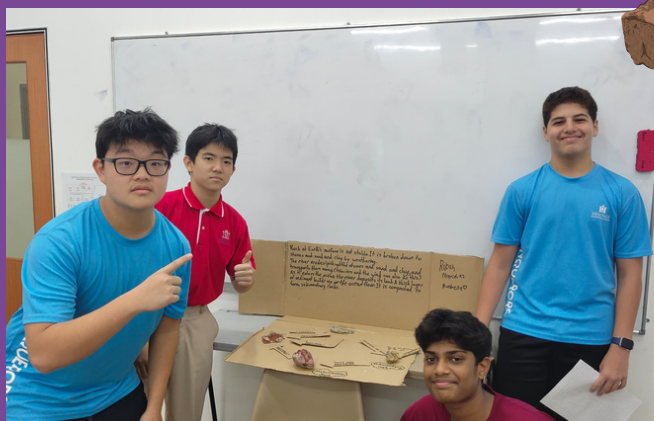

Happenings @ School

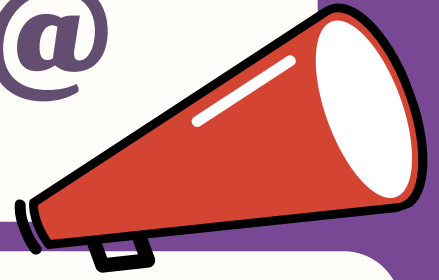

Year 9 Geography students did **a presentation on the rock cycle** using recycled materials and clay. Many of Earth's key processes function in cycles and the rock cycle is no exception. The rock cycle is a web of processes that outline how each of the three major rock types – igneous, metamorphic, and sedimentary – form and break down based on the different applications of heat and pressure over time.

Happenings @ School

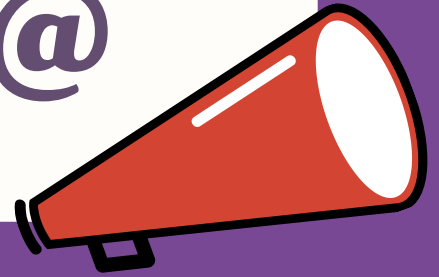

To wrap up the week, **Eco Botany students unleashed their creativity** by painting their terracotta pots. After the holidays, they will be potting succulents that are adapted to arid conditions, into these pots. Terracotta pots are amazingly ideal for plants that do not like wet feet such as cacti. When you wet a terracotta pot, the pot dries up almost immediately, creating optimal growing conditions for the plants. Super cool, right?

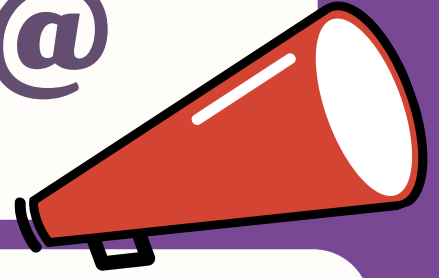

Happenings @ School

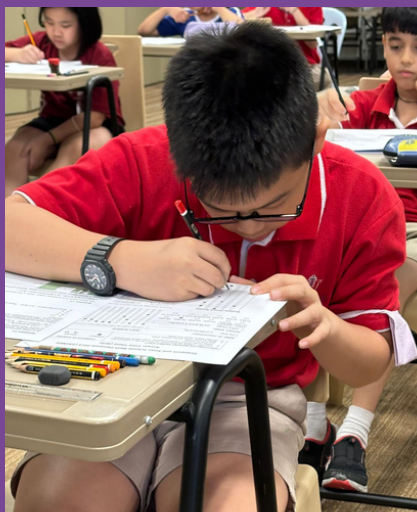

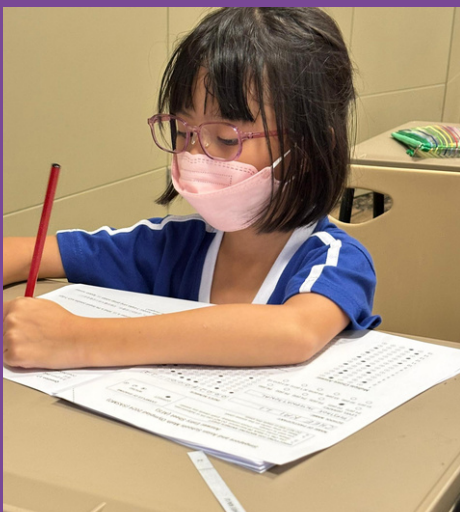

Happenings @ School

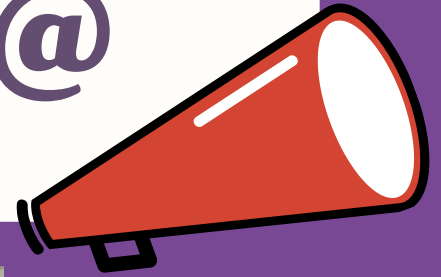

Students from Year 1 to Year 11 gather for the SASMO (Singapore and Asian Schools Math Olympiad) competition, a prestigious event designed to foster a love for mathematics and challenge young minds. SASMO provides a platform for students to showcase their mathematical prowess and problem-solving skills through a series of thought-provoking puzzles and equations, igniting a passion for learning and discovery. Participation in SASMO opens doors for students to compete at international levels, encouraging them to aim for excellence on a global scale.

Happenings @ School

Extra-Class sessions for Malay Year 11 IGCSE May/June Exams are conducted by Mr Reza to elevate students' Malay language skills, encompassing meticulous attention to sentence structure, grammar, sophisticated vocabulary, and adept essay writing strategies.

Exploring Paper Loops: Turning A4 Sheets into Passageways! Join our STEM Club as we dive into the craft of creating paper loops big enough for people to pass through. Our students were folding, cutting, and planning together for a paper adventure!

Creative Solutions in Action! Year 8 students engineer a water filtration system using recycled materials. Innovation meets sustainability as they tackle real-world challenges.
